"It's shared sight from all the other yous in all the other places, but you won't have to make any effort to hold on to it. No headaches. No problems ever. Merry Christmas, Daddy."..He also sought a supplier of high-quality counterfeit ID. This proved easier than he anticipated..Through her efforts, the Bright Beach Public Library sponsored an ambitious oral-history project financed by two private foundations and by an annual strawberry festival. Local retirees were enlisted to record the stories of their lives, so that their experiences, insights, and knowledge wouldn't be lost to generations yet unborn..He slapped her hands, knocking the sharpener and the pencil out of her grasp. They clattered against the window, fell onto the window-seat cushions..No. Not exactly then. Not at the sight of the coin or the detective. He had felt this way at Vanadium's mention of the name that he, Junior, had supposedly spoken in his nightmare..Rena was cheerful, short, and solid. Her waist measurement must have been two-thirds her height, and she favored floral dresses that emphasized her girth. With a German accent and in a voice that always

seemed about to dissolve in a great gale of mirth, she said, "Madchen lieb, you look like a Christmas candle to me." When Junior complained of severe thirst, Victoria explained that he was to have nothing by mouth until morning. He would be put on a liquid diet for breakfast and lunch. Soft foods might be allowable by dinnertime tomorrow. From the far end of the table, Agnes said, "For starters, Tom, we all want to hear about the rhinoceros and the other you." The big-headed, bulging-eyed, slit-mouthed runt had collected \$850,000 from Naomi's death, so the least he could do was provide a little information. He'd probably bill for the time, anyway. In the top drawer, in addition to the expected items, Tom Vanadium found a gallery brochure for an art exhibition. In the hooded flashlight beam, the name Celestina White seemed to flare off the glossy paper as though printed in reflective ink. Joey rested not under the stern watch of the cypresses, but near a California pepper tree. With its graceful, cascading boughs, it appeared to stand in meditation or in prayer. "Well, you're sweet, aren't you? And you're all bright red on the outside and milk chocolate inside," Celestina said, gently tweaking the girl's light brown nose. Barty rode with his mother in her green Chevrolet station wagon. Because the cakes, pies, and gifts were too numerous to be contained in one vehicle, Edom followed them in his flashier yellow-and-white '54 Ford Country Squire. The sudden change of subject, from the airliner crash to Phimie, confused Celestina. Outside, he discovered that some worthless criminal wretch had broken into his Suburban during the night. The suitcase and Book-of-the-Month selections were gone. The creep even swiped the Kleenex, the chewing gum, and the breath mints from the glove compartment. This time, however, the singing lasted longer than before, long enough for him to become suspicious of the heating ducts. These rooms had ten-foot ceilings, and the ducts opened high in the walls. A dry laugh escaped the detective, but it had none of the warmth of most people's laughter. "You're not bad, Enoch. You're just not as good as you think you are." Some acts were distasteful, too, such as searching the lunatic lawman for his car keys and his badge. He'd wanted to give Celestina more help than she would accept. She continued working nights as a waitress for two years, while she completed classes at the Academy of Art College, and she quit her job only when she began to sell her paintings for enough to equal her wages and gratuities. The window gave way an instant before Celestina squeezed off the shot. The man dropped out of sight. She didn't know if she had scored a hit. On the high marsh-Dragonfly-A description of Earthsea. "You don't get the heebie-jeebies," Max said. "You give 'em. Tell me what's wrong." Intending to keep the front of the gallery under surveillance from behind the wheel of his Mercedes, Junior checked the time as he walked toward the car. His wrist was bare, his Rolex missing. He tugged on a pair of thin latex surgical gloves. Flexed his hands. All right. Without excellence, of course, there would be no civilization, no progress, no joy; and Agnes was surprised that this sharp burr of her father's philosophy had stuck deep in her subconscious, pricking and worrying her unnecessarily. She'd thought that she was entirely clean of his influence. She struggled, wept, pretended disgust, faked shame, swore to bring the police down on him. Another man, not as highly skilled at reading men as Junior, might have thought the girl's resistance was genuine, but her charges of rape were sincere. Any other man might have backed off, but Junior was neither fooled nor confused. The sound-suppressor didn't render the pistol entirely silent, but the three soft reports, each like a quiet cough muffled by a hand, wouldn't have carried beyond the hallway. No weekend had ever passed so quickly, and no midnight had ever brought with it such dread. Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt. "Anyway, something clicked in me on the roller coaster, and I grasped a new angle of approach to the problem. I've figured out that I can walk in the idea of sight, sort of sharing the vision of another me, in another reality, without actually going there." He smiled into her astonishment. "So what do you say about that?" Junior joined the throngs, although he had no gift list or feeling for the season. He just needed to get out of his apartment, because he was convinced that the phantom singer would soon serenade him again. His profession was cocktail piano, though he didn't have to earn a living at it. He had inherited a fine four-story house in a good neighborhood of San Francisco and also a sufficient income from a trust fund to meet his needs if he avoided extravagance. Nevertheless, he worked five evenings a week in an elegant lounge in one of the grand old hotels on Nob Hill, playing highly refined drinking songs for tourists, businessmen from out of town, affluent gay men who stubbornly continued to believe in romance in an age that valued flash over substance, and unmarried heterosexual couples who were working up a buzz to ensure that their rigorously planned adulteries would seem glamorous. The disease hadn't corrupted her heart, and it had left her face untouched, as well. Lovely, she was, as she had always been. Before they set out for the amusement park, Agnes pulled him aside, held him close, and said, "Listen, kid of mine, I'm not giving up. Don't think I ever would. Let's have fun today. This evening, you and I and Angel will convene a meeting of the North Pole Society of Not Evil Adventurers"-the girl had become the third member years ago" and all truths will be told and secrets known. "Her hands trembled as she attempted to fold her sister's clothes into the small suitcase. What should have been a simple task became a daunting challenge; the fabric seemed to come alive in her hands and slip through her fingers, resisting every attempt to organize it. When eventually she realized there was no reason to be neat, she tossed the garments into the bag without concern for wrinkling them. Friday, December 29, was a grand day: cool but not cold; high scattered clouds ornamenting a Wedgwood-blue sky. The streets were agreeably abustle but not swarming like the corridors of a hive, as sometimes they could be. San Franciscans, reliably a pleasant lot, were still in a holiday mood and, therefore, even quicker to smile and more courteous than usual. "The Finder" takes place about three hundred years before the time of the novels, in a dark and troubled time; its story casts light on how some of the customs and institutions of the Archipelago came to be. "The Bones of the Earth" is about the wizards who taught the wizard who first taught Ged, and shows that it takes more than one mage to stop an earthquake. "Darkrose and Diamond" might take place at any time during the last couple of hundred years in Earthsea; after all, a love story can happen at any time, anywhere. "On the High Marsh" is a story from the brief but eventful six years that Ged was Archmage of Earthsea. And the last story, "Dragonfly," which takes place a few years after the end of Tehanu, is the bridge between that book and the next one, *The Other Wind* (to be published soon). A dragon bridge. Although Thomas Vanadium was unconscious, perhaps even dead, and though both nailhead-gray eyes were closed, Junior knew those eyes were watching him, watching through the lids. For her, the suspense that grew throughout dinner didn't have much to do with whether or not Wally would pop the question, because if he didn't broach the subject this time, she intended to take the initiative. Instead, Celestina was more tense about whether or not Wally expected that a heartfelt expression of commitment should be sufficient to induce her to sleep with him. Angel liked to perch sideways with a drawing tablet in the window seat in Barty's room, look out at the oak tree from the upper floor, and draw pictures inspired by things she heard in whatever book he was currently listening to. Everyone said she was a pretty good artist for a three-year-old, and Barty wished he could see how good she was. He wished he could see Angel, too, just once. The deejay announced song number four for the week: the Beatles' "She's a

Woman." The Fab Four filled the Studebaker with music..Calcimine moonlight cast an arctic illusion over the boneyard. The grass was as eerily silver as snow at night, and gravestones tilted like pressure ridges of ice in a fractured wasteland..He said, "There's a whiteness in Barty's right pupil ... which I think indicates a growth. The distortions in his vision are still there, though somewhat different, when he closes his right eye, so that indicates a problem in the left, as well, even though I'm not able to see anything there. Dr. Chan has a full schedule tomorrow, but as a favor to me, he's going to see you before his usual office hours, first thing in the morning. You'll have to start out early." In this case, he was sure that vanity was not a fault, not the result of a swollen ego, but merely healthy self-esteem. That he was irresistible to women wasn't simply his biased opinion, but an observable and undeniable fact, like gravity or the order in which the planets revolved t around the sun..Having settled on the sofa with Agnes and Barty, prepared to serve comfortably in the role of quiet observer, Edom was alarmed to have suddenly become the subject of conversation. He was also alarmed to be called "son," because in his thirty-six years, the only person ever to have addressed him in that fashion had been his father, dead for a decade yet still a terror in Edom's dreams..For an instant, his attention had been distracted by Vanadium's presentation of his empty hands. Nevertheless, there was no way the cop could have snatched the coin out of the air..Junior held the silencer-fitted 9-mm pistol under his left arm, clamped against his side, freeing both hands to use the automatic pick..So keep moving. Don't get hung up on the disgusting aftermath. Keep whistling along like a runaway train. Clean up, clean out, roll on..Agnes considered describing the sunset to the blinded boy, but her hesitancy settled into reluctance, and by the time the stars came out, she had said not a word about the day's splendorous final act. For one thing, she worried that her description would fall far short of the reality, and that with her inadequate words, she might dull Barty's precious memories of sunsets he had seen. Primarily, however, she failed to remark on the spectacle because she was afraid that to do so would be to remind him of all that he had lost..Parkhurst said, "We've eliminated most other possible causes. You don't have acute myelitis or meningitis. Or anemia of the brain. No concussion. You don't have other symptoms of Meniere's disease. Tomorrow, we'll conduct some tests for possible brain tumor or lesion, but I'm confident that's not the explanation, either."..Because the upper part of the hospital bed was somewhat raised, he didn't have to lift his head from the pillow to study the corner where the phantom waited. He peered beyond the IV rack, past the foot of the..The blonde was coming on to him, just as a score of other women had done since his arrival, so Junior tried to balance seduction with information gathering. Putting his hand over the hand with which she was gently massaging his thigh, he said, "I knew her brother in Nam. Then I got wounded, shipped out, lost touch. Like to find him."..Most of these firearms were loaded and ready for use, but five remained in their original boxes, in the back of her bedroom closet. Evidently, considering the original bill of sale taped to each of the five boxed handguns, she must have acquired all the weapons legally..With the salt and pepper shakers, Tom walked them through the why-I'm-not-sad-about-my-face explanation that he'd given to Angel ten days previously..Junior assumed the dead girl had come from a family of stature in the Negro community, which would explain the stonemason's accelerated service. Vanadium, according to his own words, was a friend of the family; consequently, the father was most likely a police officer..The thorns had not been stripped from the long stem of the white rose. Vanadium clutched it so tightly that the sharp points punctured his meaty palm. He seemed to be unaware of his wounds.
