to his room. Fast and low through the doorframe. Wary of the closet door standing two inches ajar..He hadn't paid close attention to those patrons seated at the bar behind him. Now, he turned in his chair to study them..Like autumn-red ivy, lushly leafed vines of flame crawled up the house. The porch under them was ablaze, as well. Shingles smoldered beneath their feet, and flames ringed the roof on which they stood.."You feel remorse, though," said Agnes. "I can see you do. And not just because of what happened to your hands."..As she clambered through the open door into Celestina's lap, the girl said, "Uncle Wally gave me an Oreo."..Abruptly alert, sitting up on the edge of the bed, Celestina knew the caller could not be the comatose old woman, so she said angrily, "Who the hell is this?"..At the bottom, the killer had pushed the cedar chest aside and clambered to his feet. From out of his raveled Tutankhamen windings, he peered up at Paul and fired one shot without taking aim, almost halfheartedly, before disappearing into the living room..find the detective's unlikely theory and persistent questioning to be tedious. "I seriously doubt that a dose of ipecac would produce such a violent response as in this case-not pharyngeal hemorrhage, for God's."..I never spoke with God--Nor visited in Heaven--Yet certain am I of the spot--As if the Checks were given."..From the door to the sink, nervously fishing a plastic pharmacy bottle out of a coat pocket, Junior counseled himself to remain calm. Slow deep breaths. What's done is done. Live in the future. Act, don't react. Focus. Look for the bright side..Judging by the smeariness of the letters and by the fact that some had run before they dried, the writing instrument hadn't been a felt-tip marker, as Vanadium first thought. A spattering of red droplets on the closed lid of the toilet and across the beige marble floor, all dry now, gave rise to a suspicion..The doors were unlocked on a pickup parked next to the Pontiac. Junior lifted the granny onto the front seat of the truck. She was so light, so unpleasantly angular, and she rustled so much that she might have been a new species of giant mutant insect that mimicked human appearance. He was glad, after all, that he hadn't killed her: Granny's prickly--bur spirit might have proved to be as difficult to eradicate as a cockroach infestation. With a shudder, he tossed her purse on top of her, and slammed the truck door..Gradually, Agnes realized that this was not a prayer for the soul of a deceased infant but for the survival of one still alive..Agnes ran to the kitchen, where she had been working when the doorbell rang, packing boxes of groceries to be delivered with the honey-raisin pear pies that she and Jacob had baked this morning..In the first drawer, he discovered an address book. Logically, Vanadium would have taken this with him, even if on the lam from a murder rap, so Junior tucked it in his jacket pocket..Lowering his surgical mask, Dr. Lipscomb approached Celestina, where she stood with her back pressed to the wall..Sometimes he thought he walked for Perri, using the steps she had stored up and never taken, giving expression to her unfulfilled yearning to travel. At other times, he thought he walked for the solitude that allowed him to remember their life in fine detail-or to forget. To find peace--or seek adventure. To gain understanding through contemplation---or to scrub all thought from his mind. To see the world or to be rid of it. Perhaps he hoped that coyotes would stalk him through a bleak twilight or a mountain lion set upon him on a hungry dawn, or a drunk driver run him down..Nevertheless, he stepped away from the wall, and with his hands extended to full arm's length, he turned, feeling the lightless world around him. Nothing. No one.."No, that's not necessary," Junior said, trying to sound casual. "Considering what you told me, I'm sure whoever's bothering me here can't be Vanadium. I mean, him being on the run, with plenty of his own troubles, the last thing he'd do is follow me here just to screw with my head a little."..He felt some guilt at this-but only a little. His sister had done much for him; but jobless, ruled by his obsessions, hobbled by too much of his father's dour nature, there wasn't a lot that he could do for her. Just this benign deceit with the cards..Of course, Seraphim's child would not have a telephone. He was just a baby, dangerous to Junior in a way that was not clear, but a baby nonetheless..Backing off, trying to feel his way to the foyer and front door, afraid that if he stumbled over a chair, she'd descend upon him like a screaming hawk upon a mouse, Junior denied her accusation. "You're crazy. How could I know? Look at you! How could I possibly know?"..Few people will spend the greater part of their youth in school, struggling to obtain the education required for a medical specialty, unless they have a passion to heal. Franklin Chan was a healer, whose passion was the preservation of vision, and Agnes could see that his anguish, while a pale reflection of hers, was real and deeply felt..He spent the afternoon with her and stayed for dinner. He ate at her bedside, feeding both himself and her, balancing the progress of his meal with hers, so they finished together. He'd never fed her before, yet he wasn't awkward with her, or she with him, and later what he remembered of dinner was the conversation, not the logistics..Junior considered leaving before Vanadium--still seventy-five yards away--arrived. He was afraid he would appear to be fleeing..Looking down at Barty, Agnes saw the ghost of Joey in the baby's face, and although she half believed that her husband would be alive now if he had never tempted fate by putting such a high price on his life, she couldn't find any anger in her heart for him. She must accept this final generosity with grace-if also without enthusiasm..Nolly finally disturbed the quiet: "Well, sir ... you're quite a psychologist."..By Sunday evening, a combination of factors--deep commitment to the philosophy of Zedd, explosive testosterone levels, boredom, self-pity, and a desire to be a risk-taking man of action once more--motivated Junior to splash a little Hai Karate behind each ear and go courting. Shortly after sunset, with a single red rose and a bottle of Merlot, he set off for Victoria Bressler's place..On the short return trip to the ophthalmologist, Agnes crazily considered driving past Chan's office building, cruising onward--ever onward--into the sparkling December night, not just back to Bright Beach, where the bad news would simply come by phone, but to places so far away that the diagnosis could never catch up to them, where the disease would remain unnamed and therefore would have no power over Barty.."Then you have a big advantage, and you'll have to tell us all about yourselves," Agnes said. "I'll get the coffee brewing ... unless you'd like to help."..The kids insisted on knowing what was meant by the line about the chicken, and this led to the laying of a coopful of Why-did-the-chicken-cross-the-road jokes, which Edom and Jacob had memorized in childhood as an act of rebellion against their humorless father..His first word after mama was papa, which she taught him while showing him pictures of Joey. His third word: pie..Two high-quality deadbolt locks. Sufficient protection against the average intruder, but inadequate to keep out a self-improved man with channeled anger.."If I had a wife, she wouldn't feel too lucky. I'm not of the persuasion that wants a wife, dear."..Edom, eager to learn precisely when a tidal wave or falling asteroid would bring his doom, fetched a pack of cards from a cabinet in the parlor. When Maria explained that only every third card was read and that a full look at the future required four decks, Edom returned to the parlor to scare up three more..He wanted to say: The vain, power-mad politicians who milk cheers from ignorant crowds, the sports stars and preening actors who hear themselves called heroes and never object, they should all wither with shame at the mention of your name. Your vision, your struggle, the years of grueling work, your enduring faith when others doubted, the risk you took with career and reputation--it's one of the great stories of science, and I'd be honored if I could shake your hand..When Angel came in search of Barty, breathless with excitement, he was chatting with Tom Vanadium in the foundation's office above the garages. Years ago, the two apartments had been combined and

expanded when the garages under them were doubled in size, providing better living quarters for Tom and working space, as well..The detective wasn't the only person in the world who liked "Someone to Watch over Me." Anyone in the lounge might have requested it. Or maybe this number was part of the pianist's usual repertoire..Celestina White was the center of attention, always surrounded by champagne-swilling, canape--gobbling bourgeoisie who would have been shopping for paintings on velvet if they'd had less money.. "Wish I could describe his face. Frosty the Snowman was never that white. The surveillance van is parked right there, two spaces south of the vending machines--". Agnes discovered, from her research, that among child prodigies, Barty was not a wonder of wonders. Some math whizzes were absorbed by algebra and even by geometry before their third birthdays. Jascha Heifetz, became an accomplished violinist at three, and by six, he played the concertos of Mendelssohn and Tchaikovsky; Ida Haendel performed them when she was five..Turning, turning, turning, the mysterious warning in his mind: The spirit of Bartholomew ... will find you ... and mete out the terrible judgment that you deserve..A quick tug on each pants cuff revealed no ankle holster, which was how many cops would choose to carry an off-duty piece.."-called himself King Obadiah, Pharaoh of the Fantastic. He traveled all over the country playing nightclubs-". Maria turned sideways in her chair and dealt from the top of the four-deck stack, onto the table in front of Barty..Now came a slight but real risk of being heard inside: He pulled the trigger. The flat steel spring in the lock-release gun caused the pick to jump upward, lodging some of the pins at the shear line. The snap of the hammer against the spring and the click of the pick against the pin tumblers were soft sounds, but anyone near the other side of the door would more likely than not hear them; if she was one room removed, however, the noise would not reach her..Junior didn't find anything to explain her paranoia-though, to his surprise, he discovered six books by Caesar Zedd in her small library. The pages were dog-eared; the text was heavily underlined..The spirit of Bartholomew . . . will find you ... and mete out the terrible judgment that you deserve..The formless apprehension with which she had awakened at 1:50, Tuesday morning, had returned to her from time to time during the past couple days. Now, here it came again, pinching her throat and tightening her chest-at last beginning to take form.. "Once out of the coma and stabilized for a few weeks, I was transferred to a hospital in Portland, where I had to undergo eleven surgeries." Junior had come to the gumshoe four days ago, with business that might have made a reputable investigator uncomfortable. He needed to discover whether Seraphim White had given birth at a San Francisco hospital earlier this month and where the baby might be found. Since he wasn't prepared to reveal any relationship to Seraphim, and since he resisted devising a cover story on the assumption that a competent private detective would at once see through it, his interest in this baby inevitably seemed sinister..His homely face was long and narrow, as though pulled into that shape by the weight of his responsibilities. In other circumstances, however, his generous mouth might have shaped an appealing smile; and his green eyes had in them the compassion of someone who himself had known great loss..Edom had noticed them earlier. Now he saw they were in worse condition than he'd thought. Enlarged knuckles, fingers not entirely at natural angles to one another. Perhaps Obadiah had rheumatoid arthritis, like Bill Klefton, though a less crippling case..Later, weak and shaken, as he was packing his suitcase, the urge overcame him again. He was astonished to discover that anything could be left in his intestinal tract..In the kitchen were a radio, a toaster, a coffeepot, two place settings of cheap flatware, a small mismatched collection of thrift-shop plates and bowls and mugs, and a freezer full of TV dinners and English muffins..An elderly Negro gentleman answered the door. His hair was such a pure white that in contrast to his plum-dark skin, it appeared to glow like a nimbus around his head. With his equally radiant goatee, his kindly features, and his compelling black eyes, he seemed to have stepped out of a movie about a jazz musician who, having died, was on earth once more as someone's angelic guardian..Junior stepped back and squeezed off two shots, aiming for the lock. One round tore a chunk out of the jamb, but the other cracked through the door, shattering more than wood, and the brass knob wobbled and almost fell out..Yet for all his love of reading and of music, events suggested that for mathematics he had a still greater aptitude.. "I've got hundreds of files on cases like that," said Jacob, "and much worse. If you're interested, I'll get you copies of some."..In August, he developed an interest in meditation. He began with concentrative meditation-the form called meditation "with seed"--in which you must close your eyes, mentally focus on a visualized object, and clear your mind of all else..Darkness, the one source of childhood fear that most adults never quite outgrow, held no terror for Barty. Although for a while his bedroom featured a Mickey Mouse night-light, the miniature lamp was there not to soothe the boy, but to quiet his mother's nerves, because she worried about him waking alone, in blackness.. "You'd never cheat me. I know you. We'd have Christmas twice a year and parties for half birthdays."..Although the small tin-and-plastic harmonica was more toy than genuine instrument, the boy blew and siphoned surprisingly complex music from it. As far as Apes could tell, he never hit a sour tone..there in more genteel and gilded ages, and her flights of imagination sometimes acquired such vivid detail that they were eerily like memories..Fortifying herself with more coffee, Jolene said, "Edom, you were going to tell us how Joey's coping with fatherhood."..One of the most unnerving aspects of life in southern California was that earthquake weather came in so many varieties. As many days as not, you got out of bed, checked the sky and the barometer, and realized with dismay that conditions were indicative of catastrophe.. "I suppose anyone could fill some empty gelatin capsules with the syrup," said Parkhurst. "But-" "Roll your own, so to speak. Then he could palm a few of them, swallow 'em without water, and the reaction would be delayed maybe..Throughout this procedure, Barty appeared solemn and thoughtful. When he had squeezed the tenth toe, he stared at it, brow furrowed..A dry laugh escaped the detective, but it had none of the warmth of most people's laughter. "You're not bad, Enoch. You're just not as good as you think you are.".. "Was a priest," he corrected. "Might be again. At my request, I've been under a dispensation from vows and suspension from duties for twenty-seven years. Ever since those kids were killed."..Celestina told them about Nella Lombardi and about the message Phimie delivered to Dr. Lipscomb after being resuscitated. "Phimie was, . . . so special. There's something special about her baby, too."..He held forth the single red rose. "For you. Not that it compares. No flower could."..For an instant, she appeared to be frowning. Then he realized this couldn't be a frown. It must be a smoldering look of desire.. "Maybe he could if he was able to lift it, but I couldn't throw a pig or an Oreo or anything else into any other place. It's just not something I know how to do.".. "You'll be out of ICU tomorrow, I bet. You'll have a phone, I'll call. And I'll come soon as I can."..She took a deep breath. She lifted her head, straightened her shoulders, and went inside, where a new life waited for her..When Junior opened the trunk, he discovered that fishing gear and two wooden carriers full of carpenter's tools left no room for a dead detective. He would be able to make the body fit only if he dismembered it first.. "All right, the scary one." "I SOMETIMES EVEN EAT SPIDERS WITH MY CAVIAR." "Now who's being gross?" The morning that it happened, Edom woke early from a nightmare about the roses..Celestina looked up from the scarred top of the desk toward the fog-white sky beyond the window, from reality to the

promise..Every mother also believes that her baby is smarter than other babies. Sadly, time and the child's choices in life usually require her to adjust her opinion as she never will in the matter of physical beauty..To buy as much time as possible while Enoch Cain's assault was still fresh in Celestina's mind, Tom proposed that they remain hidden away for another two weeks, unless the killer was apprehended sooner. "Then if you go to Wally's house from here, you'll want to install the best alarm system you can get, and you should lead a restricted life for quite a while, even hire security if you can afford it. The smartest thing would be to move out of San Francisco as soon as Wally's recovered. He retired young, right? And a painter can paint anywhere. Sell the properties here, start over somewhere else, and make the move in such a way that you can't be easily traced. I can help you work that out.".Angel returned to the table for apple juice and to announce, "They got a cookie-jar Jesus!".As best he could, he examined his clothes. They were better pressed than he expected, and not noticeably soiled.. "I find you more than adequate in all ways that count. Besides, Joey was a generous and good lover. What he taught me, I can share." She smiled. "You'll find that I'm a darn good teacher, and I sense in you a star pupil.".The roses filling the countersunk vases in the comers of Joey's gravestone were not Edom-grown, but they were Edom-bought. He had visited the florist himself, personally selecting each bloom from the inventory in the cooler; but he didn't have the courage to accompany Agnes and Barty to the grave..Eventually, he settled on a mental image of a bowling pin as his "seed." This was a smooth, elegantly shaped object that invited languorous contemplation, but it did not tease his libido..On the nightstand stood a stainless-steel carafe beaded with condensation. Maria took the cap off the water carafe, and with a longhandled spoon, she scooped out a chip of ice. Cupping her left hand.Barty's reading and writing skills appeared to be related to his talent for math, as well. To him, language was first phonics, a sort of music that symbolized objects and ideas, and this music was then translated into written "syllables using the alphabet-which he saw as a system of math employing twenty-six digits instead of ten..Leaving the children under the tree, Tom returned to the house to phone the police..This comment left Tom nonplussed. He could only imagine that Jacob had known someone who died in that crash-yet the twin's tone of voice and his expression seemed to suggest that a world without the Bakersfield train wreck would be a less convivial place than one that included it..This momentous day, he thought, and he shook with sudden terror at the inevitability of new beginnings.
