"Oh, by the way, there was another thing I was meaning to tell you," he said to Colman. "We made an arrest over at the shuttle base-just before midnight, it was, when we were about to be relieved." . "Guard detail, file left and right by sections," Sirocco said at the front. "Section leaders forward." He moved out into the aisle, where the floor had folded itself into a steep staircase to facilitate fore-and-aft movement, and climbed through into the side-exiting lock chamber with Colman and Hanlon behind him while Red and Blue sections formed up in the aisles immediately to the rear. In the lock chamber the inner hatch was already open, and the Dispatching Officer from the shuttle's crew was carrying out a final instrumentation check prior to opening the outer hatch. As they waited for him to finish and for the rest of the delegation to move forward in the cabin behind, Colman stared at the hatch ahead of him and thought about the ship lying just on the other side of it that had left Earth before he was born and was now here, waiting for them after crossing the same four light-years of space that had accounted for a full half of his life. After the years of speculations, all the questions about the Chironians were now within minutes of being answered. The descent from the Mayflower II had raised Colman's curiosity to a high pitch because of what he had seen on the screen. For despite all the jokes and the popular wisdom, one thing he was certain of was that the engineering and structural modifications that he had observed on the outside of the Kuan-yin had not been made by irresponsible, overgrown adolescents..any lesser person. Surely not. She is majestic. She is magnificent, beautiful. She can live by her own rules,.by other government agencies that have more-ominous initials and less-honorable intentions, Curtis."That's my point," the boy told him. "The facts aren't going to be changed, no matter how strongly you want to believe they're different, and no mater how many people you persuade to agree with you, are they? There just isn't any sense in saying

there are things you can't see and in believing things you can't test.".Stern studied his fingers for a moment and then looked ' up. "Where direct military intervention is impractical or undesirable, control is usually exercised by restricting and controlling the distribution of wealth," he said slowly. "Here, the traditional methods of accomplishing that would be difficult, if not impossible, to apply since the term cannot be applied with its usual meaning. This society must have its pressure points, nevertheless. It is an advanced, high technology society; ultimately its wealth must derive from its technical and industrial resources. That is where we should look for its vulnerable spots.".Leilani was clearly unbreakable.. "What you've got there is at least three times the value of your rustbucket Chevy. Plus the cost of the.Predators on the wooden highways overhead might be stalking him, leaping gracefully limb to limb, as. "You never know. The chances might be better after we reach Chiron," Sirocco said. Colman's transfer application had been turned down by Engineering.
